By the Associated Press. St. Louis, Mo., July 9.—Delegates to the Missouri Democratic convention which helped out Senator Reed from his national convention seat were supplied expense money by two antagonistic factions, one favorable to Attorney General Palmer and the other to Governor Cox, according to witnesses today before the Senate committee investigating campaign expenditures.

Nine members of the Democratic committee were witnesses before the committee when it convened here today and each of them declared he received a check for \$150 signed by Edward F. Goltra, Democratic national committeeman, said by witnesses to have been a Palmer supporter. Several witnesses also declared they were given additional expense money by Tony Steuber, a local capitalist, who was declared to be favorable to Governor Cox for the Democratic nomination. A third contributor to the delegates was Ben H. Brinkman, St. Louis banker. His political affiliations were not brought out at the hearing.

Witnesses declared that Goltra, when distributing the checks at a committee meeting, made a speech in which he "made it plain that the money was for expenses" and then declared there "were no strings attached to it." Goltra was described by the committeemen as "opposed to Senator Reed," but most of them declared that they were "for Reed."

A few witnesses declared that they "saw nothing wrong in accepting money from both Goltra and Steuber," as the "Democratic party always paid their expenses to conventions and should do so." All declared that the money given them was not sufficient for expenses. Telegrams summoning Goltra and John T. Davis, a local attorney, as witnesses were sent to the United States marshal at St. Francisco, today, with instructions to forward the summons in event the two men had left for the East.

Copenhagen, July 9.—(By A. P.)—The Letts have gone to the assistance of the Poles around Dvinsk, according to the Kovno correspondent of the Berlingske Tidende. The Letts are reported to be crossing the Dvina and operating in the direction of Skudzelyns.

Warsaw, July 9.—(By A. P.)—The foreign office today announced that the Polish Government had forwarded a note to the conference in Spa declaring that Poland is now, just as before and always, ready and willing to make a peace based upon the principle of self-determination of nations.

Russian Bolshevik forces have broken through the Polish lines south of the Dvina river in a drive designed to reach Lithuania and make contact with East Prussia, according to an official statement issued here late yesterday.

The Soviet army is using infantry, cavalry, artillery, airplanes and tanks. The Poles are fighting desperately to check the advance along the northern front, against which the enemy is throwing crack troops.

On the south front the Bolshevik General Budenny, with Rovno in his possession, is advancing in the direction of Lemberg, which is but 180 miles from Warsaw.

De La Huerta Says Five Rebel Generals Have Flowers

Mexico City, July 9.—(By A. P.)—Five generals have taken up arms against the new Mexican Government, Provisional President De La Huerta told correspondents here today. He declared they did not constitute a military menace, since they had but very few followers. He estimated that not more than 500 men had been involved in recent outbreaks.

Admission was made by the provisional president that the new government had faced a rather serious situation several months ago, but he asserted the army had been reorganized, that unstable forces could not shake the administration, and that the government had no knowledge of the reported attempt of Luis Cabrera and General Juan Barragan to organize a revolution in northern Mexico.
